

'REGAL TABLE RUNNER'

Inspired by Lillian Cagle's
Design, used with permission

Fabric Requirements –

- 1/8 yard center
- 1/4 yard Print #1
- 1/4 yard Print #2
- 1/4 yard Print #3
- 1/4 yard Background
- 1/4 yard Border
- 1/2 yard Backing (***)depending on how long you make your table runner, you may need to piece some leftover fabric into your back to make it long enough)

Cutting Instructions –

- From Center Fabric, cut 1, 2 1/2" strip
- From Prints #1, #2, #3 and Background, cut 2, 2 1/2" strips
- From Background, cut 1, 2" strip
- From Border fabric, cut 3, 3" strips

Piecing Order –

Using 1/4" seams, make one strip set like the diagram below:

Construction –

After piecing strip set, press seams in one direction. Cut at least 11, but as many as 16, 2 1/2" segments from strip set (see above). (How many segments you cut determines how long your runner will be. If you cut 11, your runner will be 39" long). Seam segments together off-setting rows by dropping Print #1 face down on top of Print #2 matching seams. You will end up with a set that looks like this:

Sew last seam into a tube by taking both your first and last segments, and placing them faces together, offsetting the rows like you have been doing. This is very awkward, and seems like it won't work out but it will!! Lay the tube flat, line up points evenly, and press the right side with an iron. Cut on the pressed line and open flat.

Use scissors to cut along this pressed edge.

Now, cut the points off!

Sew the remaining 2" strip of background fabric to each short end of the runner and trim excess off.

Sew 3" border strips around all sides.

Quilt, bind and enjoy!!!
